LINDESA® PROFESSIONAL

Application Area

LINDESA® PROFESSIONAL is a skin protection and skin care cream with a wide application range. It protects against water-soluble working materials in case of rather slight exposure. LINDESA® PROFESSIONAL is also excellent as a care cream for stressed skin.

Product Description

LINDESA® PROFESSIONAL is a perfumed skin protection and skin care cream with beeswax on the basis of an oil-in-water emulsion. The cream is absorbed quickly and slightly greasy. It does not contain silicone.

Product Properties

- LINDESA® PROFESSIONAL strengthens the skin's natural resistance, prevents damage from outside aggressions and soothes irritated skin areas.
- Moreover, it smoothens and conditions without leaving a greasy film on the skin.
- The cream contains special conditioning substances making the skin elastic and supple.
- It does not affect the sense of touch.

Composition according to INCI

AQUA, GLYCERYL STEARATE SE, PARAFFINUM LIQUIDUM, CERA ALBA, STEARIC ACID, PALMITIC ACID, PARFUM, METHYLPARABEN, PROPYLPARABEN, ALLANTOIN, BENZYL ALCOHOL, BENZYL SALICYLATE, LINALOOL, BENZYL BENZOATE, HEXYL CINNAMAL, LIMONENE, ALPHA ISOMETHYL IONONE.

Application

Apply LINDESA® PROFESSIONAL after washing on the clean and thoroughly dried skin. Rub in evenly and pay particular attention to vulnerable areas such as between the fingers and around the nails. The cream is also suitable for facial application. The product should not get into the eyes.

Certificate of Dermatological Compatibility

The dermatological compatibility of LINDESA® PROFESSIONAL has been carefully tested and proven. A printed certificate is available.

Compatibility with Gloves

The property changes of latex gloves have been tested according to EN 455-1:2000 and EN 455-2:2009. No changes have been observed after an application time of two hours. If in doubt, please contact the manufacturer of the gloves.

Statutory Regulations

LINDESA® PROFESSIONAL is subject to the Regulation (EC) No 1223/2009 on cosmetic products. Further details on handling the product can be obtained from the Group Data Sheets for skin products (for occupational use).

Storage Instructions

The product will keep for at least 30 months (from date of manufacture) if stored unopened at room temperature in the original packaging. The Period After Opening (PAO) is indicated on each tube / bottle.
